JAWSH – "In case you haven't already heard, Veil volumes 1 and 2 are getting an official english release at some point. If you love this series, you should keep an eye out for whenever those drop. Please support this series, don't just read these fan translations and call it a day there."

HALF LIGHT – You know what they're gonna say. They're gonna make the joke about scanlators talking about supporting a series being hypocritical. *Don't* let them.

VOLITION – Slow down, tough guy. Just put it plainly. This series is so good that they should *want* to read it twice. *And*, they'll be getting it in much better quality than on here. *Commerce-fuelled* quality.

JAWSH – "Basically, just buy the officials when they come out. Please."

BAM

I sketched you.
You're an artist?
Of sorts.
Oh my...
Yeah... Pass me your hand.
Is this my portrait? How does it look?

Strange...

I-I am not that malformed! I'd like to think so, at least!

?!

Are you **sure** you know how to draw?

I never said **well**.

Just how exactly do I appear to you?

Very beautiful, of course.

Oh, I should draw that face you just made now.

Smooth talker...

...but a rough sketcher.

It'll be a wonderful portrait.

Huh?

My turn. I'll sketch *you*.

Pass me something to draw with.

Oh?

But you can draw me?

That's a little troubling.

Well, it's just...

Hm...

TO Hoonk

I feel like you should imagine me more first.

I think I'll leave it for next time.

I mean, feel free to sketch whatever way you want.

Hoonk

Hm?

The lights have changed...
